Evaluation:			
<p>The Sport Grant expenditure enabled the academy to broaden the sporting opportunities available for all pupils. Because of the funding, we have an increased level of participation in sporting activities with pupils developing a love of sports and physical activities. The grant has also benefitted some of our most vulnerable pupils, including those high need pupils. These pupils have been able to increase their participation and as a result, this has improved their physical activity levels. We were able to engage learners in Fulham Foundation and football tournaments which delivered high quality sport sessions.</p>
