

Ormiston Bridge Academy sports premium 2025 - 2026

PE Sport Grant Award		Academic Year: September 2025 – August 2026		
Total amount of PPSG Received		£6,000		
Objectives of spending PPSG: • To increase external provision within the PE curriculum • For KS2 children to meet the statutory swimming requirements of the national curriculum by the end of PE • To broaden the sporting opportunities and experiences available for all pupils • To improve the physical and mental health and wellbeing of children				
Item/Project	Cost	Objectives	Outcomes	Evidence and impact
Sporting and Games equipment	£350	To encourage and develop healthy, active lifestyles through being active at lunchtimes. Provide opportunities for children to further develop their skills and understanding in PE with specialist sports equipment such as dodgeball, basketball, and table tennis.	All children from Reception to Year 6 had opportunities to develop their fitness and skills through supervised activities, enrichment, and core PE lessons.	PE equipment updated and used regularly. This improved lesson quality and engagement due to better resources.
Swimming	£2,635	To ensure all learners reach the national curriculum swimming requirements by Year 6	All pupils accessed swimming lessons led by qualified instructors	All Year 6 learners met national swim requirements. Regular swimming exposure increased water confidence for others.
Fulham FC Foundation PE session	£2,016	To provide high-quality PE lessons and increase access to inter-school competitions, helping pupils develop a love for sport.	Children improved their physical activity levels and developed a broader skill set in a professional sports setting.	Learners participated in local football tournaments, increasing confidence and motivation. High engagement observed.
Minibus lease/purchase	£850	To provide access to off-site PE activities, promoting the use of	Pupils were motivated to participate in	Learners attended several external sporting events.

		external facilities and increasing motivation through varied environments.	sports, knowing there were opportunities for external trips. They experienced structured activities in professional environments.	These were positive experiences that supported personal development and social interaction.
Sport Day	£150	To celebrate physical activity and promote whole-school participation in a competitive but inclusive environment.	All pupils took part in Sports Day, which increased enjoyment of sport and fostered teamwork and resilience.	High levels of participation and enjoyment observed. Feedback from staff and pupils indicated strong engagement and improved confidence.
Summary				
Total PPSG received		£6,000

Evaluation				
The Sports Grant has had a substantial impact on pupils’ engagement in physical activity. We have broadened the sporting opportunities available, particularly through our partnerships with external providers and use of professional equipment. Participation levels increased, especially among our most vulnerable pupils and those with high needs, many of whom benefited from increased physical activity and structured sporting experiences. High-quality coaching from Fulham FC Foundation and access to community sports events supported skill development, motivation, and wellbeing. Access to swimming improved water safety awareness and helped pupils work toward national requirements. The funding enabled inclusive, consistent opportunities that promoted both physical and mental health benefits across the school community.
